Incepand din aceasta primavara, va prezentam, in exclusivitate, o serie de scoli spa internationale, a caror misiune este sa formeze terapeuti, consultanti si manageri spa de succes.

Unul din criteriile care au stat la baza alegerii acestor scoli o consta acreditarea CIBTAC. Daca nu ai auzit inca de aceasta acreditare, iti vom spune pe scurt de ce este necesara in construirea unei cariere de succes in acest domeniu.

CIBTAC (Comitetul International de examinare responsabil cu educatia si formarea de Terapeuti la nivel mondial) este una dintre cele mai vechi si mai respectate organisme de acreditare din domeniul spa, sanatate si frumusetate. Unele dintre cele mai bune Spa-uri din lume aleg sa isi instruiasca angajatii in conformitate cu standardele CIBTAC. Aceste acreditari sunt recunoscute in mod oficial in 26 de tari, iar lista este in continua crestere. Un portofoliu larg de cursuri de frumusetate, management spa, nutritie, terapie prin sport precum si alte calificari complementare si holistice, sunt predate in peste 200 de centre acreditate CIBTAC din intreaga lume. Rigurozitatea examenelor este o confirmare a faptului ca toti absolventii CIBTAC sunt bine - instruiti, ca detin cunostintele necesare pentru a efectua diferite terapii/tratamente in conditii de siguranta si ca au intelegerea si expertiza pentru a incepe sa-si formeze propriul stil, sa adauge ceva din individualitatea lor la protocoalele terapiilor invatate.

Terapeutii care au obtinut aceste acreditari CIBTAC sunt din ce in ce mai cautati pe piata spa internationala, datorita profesionalismului si competentelor invatate.
